

TWELVELOAVES

CHAPTER ONE

The beginning of the computer era

We live in the beginning of the computer era, where at the touch of a button we can obtain so much information within minutes, which is ever increasing day by day.

And where all the cities of the world are becoming so cosmopolitan and multi-cultural and so many nations are coming together, trying to find solutions to the so many problems. Even trying to learn tolerance towards each other, but there is a long way to go as yet, because of a tall hurdle, which seems impossible to overcome, which was there from the very beginning of time.

And what stands and remains, as the main obstacle and a great barrier to all, is their traditional beliefs and religious upbringing, and while everyone assumes that his beliefs are much better than the next man's, therefore the barrier stays closed and the divide remains a schism.

Logical thinking does not add up as to why, if there is only one creator of all things, why should he separate the human race into believing different religious doctrines.

Where everyone has created God in his own and personal way, and even gave him a different name with different ways to approach him, which does not add up either.

Even they who read the same book and they are following the same doctrines and believe in the same God, they are divided and don't see eye to eye with each other, therefore, there must be something terribly wrong. If they were to understand the scriptural teachings and looked to the natural phenomenon and experience, they shall find out that any kingdom or household if divided shall not stand.

Two world' wars, four and six in the 20th century

In the last century we've had two world wars, where the first one had the duration of four (4) years, with great devastation and loss of life. And the second one, which had the duration of six (6) years, in a much greater scale of devastation and destruction, where we almost had the extermination of the Jews, the holocaust, where six million people were slaughtered in circumstances beyond belief.

Which was a vendetta due to a build up of much hatred through personal beliefs and religious bigotry and misunderstanding of the scriptural message. But also the extermination of so many millions of others, who were of the same faith, including women and innocent children, victims of some man's sheer animosity and brutality, without ever understanding as to why, it had to happen that left many scars for many years to come. After all, Hitler was a professing Christian, who loved his neighbours.

Where it should and must become a lesson to all mankind never to be forgotten and realise that many people are hiding behind the name of their god (and this goes back for many centuries) to impose laws and commit atrocities and to harm others. Just for the sake of their fundamental and personal beliefs and superstitions and greed for world domination.

God the creator of all things, the true God of the scriptures, never gave any man the authority to go and harm and kill another man for the sake of the word 'belief and faith', which is all manmade, beyond the shadow of a doubt.

Is God really monstrous?

Without the logical thinking that they are actually making their god a monster and a killer, a schizophrenic in a way, even at peacetime or at war. Their god is fighting their opponents' god, if though they testify that God is one, which again it does not make any sense whatsoever. Man excuses himself by hiding behind the name of his god, to commit his evil doings by ignoring the scriptural message, **which you would have men do to you, Mat 7:12.**

Man was neither ready nor capable to receive the truth!

This is why man was neither ready, nor capable with that frame of mind and by being short sighted to receive or to accept the scriptural truth and understanding, due to the split of ethnic beliefs and personal opinions and racism. And what is about to be revealed today, in our times, shall become subject to much controversy and criticism, which is good in a way, so it can bring things out into the open.

All the skeletons must come out of the closets and all the dead bones must receive light, all things must have a beginning at sometime, which it can only be achieved through knowledge and understanding and through logical thinking and wisdom.

I would also like to give a message to the Jews, hoping somehow that it will set their minds at rest and also to see the works of the Lord in our days. But first we have to go into the scriptures to prove it, and hoping with all sincerity that it will not upset anyone.

Because nothing that occurs in this world, it happens by chance or by coincidence, the obvious is that there are many reasons behind all things, which sets a balance and proves the position and height of man's frame state of mind at the time.

Our small planet

And this small planet, our planet that we dwell on, which is but a mere drop in a vast ocean of space, in front of a huge universe that has no beginning or ending, and as far as man could understand. Wonderment in everyone's eyes, mind and comprehension, as to how all things came into existence, even our own selves, where man can only assume and speculate in a vacuum of thoughts, due to the lack of knowledge and understanding of the scriptural light.

Wherefore, all the answers that man has been looking for, are lying dormant within the letter, the scriptural narrative, where behind it hide the evidence of things not seen that only the author Himself can reveal and an appropriate and precise time.

The scripture must be the light to all men.

The scripture is the light shining in darkness, the only light that can give man all the answers that he has been looking for, since the beginning of time. As I've said, God has His appointed, precise and appropriate time, when the knowledge of man increases, to all directions and dimensions and his mind becomes receptive. And looses the blindfold and the tunnel vision that he carried for many years, and that time is within our grasp or at least the very beginning of it.

Shadows of a past era must be erased

Because there is no way that anyone could come to the scriptural understanding, if his mind remains closed and blocked up with dark shadows of a past era of superstitious beliefs. Neither can the scriptures continually be taken just literally and on face value, due to religious blindness, bigotry and fanaticism and lack of explanation (revelation) of the word of God.

The seals of the book must be opened

The entire scriptures are written in cryptic coding, where only the Author Himself can reveal, only He can open the seals of the Book. To prove first of all, His very existence and that only through His Word He can reveal and manifest Himself, first to those who truly seek Him and through them, to the entire human race.

We are more aware of our surroundings

In our times and especially in the last two decades, we all began to think more rationally, we don't take things lying down, we have more awareness today than ever before, we

question things and we are all looking for the answers. The point is, if there are no questions, will there ever be answers? All things must come to light, but first we have to understand logically, for us to be able to accept it.

There is no way that anyone could accept, 'believe' something, if he does not understand it first, belief is related to trust, logical and rational explanation. Is like eating some kind of food without taste and indigestible, because unless we digest something, understand it that is; in our mind logically, it will always remain enigmatic, problematic, dark, unreal and unacceptable.

We are moving towards a new era, where we must let knowledge overcome yesterday's manmade beliefs and assumptions, due to the lack of knowledge and understanding of the scriptures. Man must not insist continually on the manmade hand me downs of his mother's and fathers' beliefs and superstitions of yester-year and with an open mind search into all things.

The human race cannot afford to be divided any longer due to different religious upbringings, where many conflicts are caused, while two thirds of the planet are on the bread line. If ever we were to live peacefully and in harmony, towards a brighter future, at least they who logically accept that there is only one creator of all things.

Manna 'what is this' bread?

The Lord told Israel to collect 'gather' a certain amount, only one tenth 'an omer' of the manna. And if they were to gather more, it used to rot, a man can only gather (understand) and accept so much knowledge at a time, and after he takes it in and digests it and fully understands it, then he can gather more. The manna represents spiritual knowledge, the heavenly bread. The word manna has the meaning 'what is this?'

Well! The answer was and still is, 'this bread is to see whether you will obey me or not'. And God is giving the spiritual side of 'this' bread right now, in our times, where all knowledge has increased and man continually is becoming more receptive and broad minded. The floodgate of heaven that was opened many centuries ago, which was a shadow of things to come, was pointing to us today.

The flood of knowledge of the spirit of the word, 'the hidden knowledge' the outpouring of the word of God that was given then was predestined for us today. (Luke 17:26 And as it was in the days of Noe, so shall it be also in the days of the Son of man). As we can see nothing has changed, the knowledge was there and still is.

The seals are being broken

This is why the scriptures are being revealed at last, and they must be broken down in fragments (Christ broke the bread into many fragments) if they were to be understood, even by the simplest of minds. Many people might ask this question; what about the non-educated ones, those who cannot read? Well the answer to them is this: the Lord made the donkey speak, which goes without saying really. If though the donkey represents something else, but metaphorically speaking of-course.

And this is where we must begin the most extraordinary journey into the hidden knowledge of the scriptures that no man has ever gone before, a new expansion (exposition) of knowledge, a new teaching, what the scriptures call the 'new wine'.

No man can put a new wine in an old cask, 'wineskin'. and the old cask that the scriptures refer to, signify the head, the mind and understanding of any man. Something has to happen to the old cask 'mind' before he could begin to accept the new wine, the scriptures also call it 'the renewal of the mind', the washing and cleansing by the 'loutro' (a Hellenic word, which has the meaning, 'hot or warm bath') the word of truth. Eph.5:26.

But unless, one hears and learns about it at sometime in his life, how else, would he know? And this is the intention of this message, where I've spent many years in separation, (wilderness) with much denial of many things, with affliction, poverty and suffering. Which is hard to put into words and to describe really, with hunger and thirst for the true revelation of the scriptures, which I will still carry on to the finish.

And if the truth is of what one reads, why is it so necessary for the Spirit of truth and wisdom and revelation to come, to reveal what though? And why do we need wisdom, to understand the scriptures? If everything that we read is only physical and there is nothing else hidden.

The cryptic of the scriptures

The entire scriptures were written, in cryptic clues, which are; names of people and of places, peoples ages, numbers, weights and values, distances and dimensions.

A mathematical and numerical language encoded within the letter, that no human intelligence ever, could have achieved to explain by himself, without the help of the Author.

Jesus makes a distinction between Earthly and Heavenly

Jesus made these proclamations, which apply right through all the ages. **If I have told you earthly things, and ye believe not, how shall ye believe, if I tell you of heavenly things? John 3:12**, and also,

And he said, (to his disciples) **Unto you it is given to know the mysteries of the kingdom of God: but to others in parables; that seeing they might not see, and hearing they might not understand. Luke 8:10**. Also from the Prophets,

Isaiah 8:16. Let my teaching be kept secret: and my words be given to my disciples only.

Questions have to be asked, what are the heavenly things, which they did not understand then and not even today? And what are the mysteries, which are only given to the true disciples? Because Christ referred this to his disciples, which in reality was pointing to those in the future to come.

Also, why does Jesus specifically make a distinction between earthly and heavenly things? And why all those, who claim to be from God, they haven't the spiritual light, which is the scriptural revelation, and why, have they been looking at the scriptures all these years as a physical event? (While claiming that they've received revelation, which is not true). And for centuries now, they've been trying to figure out the scriptures by guesswork and by making up all kinds of stories and assumptions, where all the questions remained unanswered.

Therefore, it becomes quite evident that there is a difference between the earthly things and referring of-course to the literal narrative, the letter, the story of what one reads and

the heavenly things, referring to the hidden knowledge 'manna' which is encoded within the framework of the letter itself.

The scripture is being presented as an historical event, but at the same time, there is no historical evidence of any kind to prove it and one of the biggest mysteries of history is that there is no evidence of Israel ever been captives to the Egyptians.

God is using the natural things as 'focal points' and means to teach us the spiritual. He uses the visible and tangible earthly things, while behind them and at the same time lay hidden, spiritual and heavenly knowledge, where wisdom and understanding is needed to work them out; like a crossword with its cryptic clues.

But let's prove whether the scriptures are physical or not, by looking into the story of the Ark to begin with, because just the same as the creation, has puzzled man since the beginning of time. Which in reality concerns us today, where we must not look at it as a thing of the past, due to the lack of understanding of what it really represents.

This is why it is written: **all the things that were written aforetime, were written for our admonition and learning today** and even what Paul said, was also a shadow of things to come, **so that we might have hope through patience and comfort of the scriptures.**
Rom.15: 4

The Ark's dimensions

Let's take the Ark's dimensions, which are 300x50x30 cubits in length, width and height, if we were to work them out in feet, it will be 450x75x45 feet, because one cubit equals one and a half feet, eighteen inches, or forty-five centimetres.

By yesterdays and even by today's standards we are looking at a huge cargo ship, where it has disappeared into thin air and is nowhere to be found, if though many over the years have tried to locate it, but without any success. They've even spent fortunes doing it and some are still trying at this very moment, as we speak, also many have even written books about Noah's flood and claimed that they can prove it scientifically. The question is, why should God create a natural world and suddenly decides to destroy it? Thus indicating that God had made a mistake, which indeed does not make any sense; and why did the animals offend Him and how could all those animals survive locked up for an entire year, and for 150 days, which equal five months, without air, without ventilation? Because the Ark was sealed up with black pitch and was also made up in rooms, can you really imagine an elephant or a rhino locked up in a wooden box for so long, what about a giraffe being so tall? What did the big cats eat or the big bears, what about the skunks, phew? What about the methane gas? Lucky for Noah that matches weren't yet invented. Through a Jewish tradition, it is believed that Noah was the first astronaut, I am not surprised that the ark cannot be found, forgive me this is just a joke, but is to see things logically that the scriptures physically they don't add up.

The Ark was built in three levels, plus a hidden level

The Ark, which was built in three levels 'storeys' and used as a focal point, 'a picture in one's mind' which could be compared to a ship naturally, which also mean that one third or one level of it was hidden under water, as a normal ship. But in reality has nothing to do with a ship, but a metaphor, a substitute, in the place of something else.

And what about the flood! The waters rose fifteen cubits above the highest mountain, has anybody truly, ever given it a thought, for the waters to cover up a range of mountains and the flood supposedly, was universal, because every flesh and living thing had died, drowned. And how much water is needed to do that, where did all that water come from and where did it all disappear afterwards? There is no way that the waters on earth could increase in any way, because the rain as we all know comes from the oceans, where it goes back again. The only way for the waters to increase, but very little, if the glaciers were to melt and again, they could not flood the entire planet. Man tends to believe in fairy tales, we can see that it is easier for a man to believe in myths, where there is no understanding through logic.

An example

Let me give you an example; in the Hellenic mythology we read about the centaurs, which were half man and half horse, we all know that never on this planet we've had such a monstrosity. But the question is how did this exaggeration come about and who were in reality the centaurs?

You see over the years, storytellers and poets through the tales of village people, and for the sake of writing something unusual, they've exaggerated things out of proportion. By the way, centaur means, someone who spears a bull, a Taurus.

But let's look at the logical explanation, the so-called centaurs were nothing more than excellent horsemen, who drove cattle from A to B, and looked after cattle, in actual fact they were ranchers. They were, of what we call today 'cowboys', which has nothing to do with half man and half horse, but excellent horsemen, but myth and tradition always twists things. And obviously like all things, the scriptures through traditional beliefs and lack of understanding of their spiritual significance have been twisted.

The story of the flood does not add up

The story of the flood and of the Ark does not add up, God said that the life of all flesh, shall only be one hundred and twenty years. And that was before the flood; and Noah carries on living to be 600 and 950, another 350 years after the flood.

Genesis 6:3. And the LORD said, My spirit shall not always strive with man, for that he also is flesh: yet his days shall be an hundred and twenty years (120).

Also, Shem's age does not add up

Also, Shem the son of Noah, we read that he was one hundred years old, two years after the flood, while we read that Noah was five hundred when he had three sons.

In the meantime Noah was 600 when the flood came, meaning that Shem was 100, but surely Shem was one hundred and two, (102) two years after the flood, but why should the scriptures make this statement? Which goes to show that there is a cryptic somewhere hidden within the letter, the natural story and not so much a contradiction.

Genesis 11:10. This is the account of Shem: two years after the flood, when Shem was an hundred years old, and begat Arphaxad. (Hebrew texts)

And if we were to read the Hebrew and the Hellenic versions of [Genesis 7:11](#), we can see that there is a difference of ten days on their account of events. The question would be; have they in reality, made a mistake or was it put there on purpose and for a good reason?

Another and very important event that we must observe and take notice of; is where Noah had sent the dove three times to the one time of the raven and where the dove brought back a leaf of the olive tree and the raven never came back. But was feeding on corpses. If though the scriptures narrate to us a natural story, behind that story hides a different meaning in cryptic clues.

And also, why should Moses tell us that the Ark was on the waters for 150 days and why mention that the waters were 15 cubits above the highest hill or mountain. Meaning that the Ark was also 15 cubits above the mountain, what is the significance of such detailed narrative? How did Moses actually know the measurements of the depth or height of the waters and why should Moses specifically give us these numbers and just the same with the dimensions of the Ark and of the animals that went in pairs, two by two and so forth?

What is the teaching of the Ark?

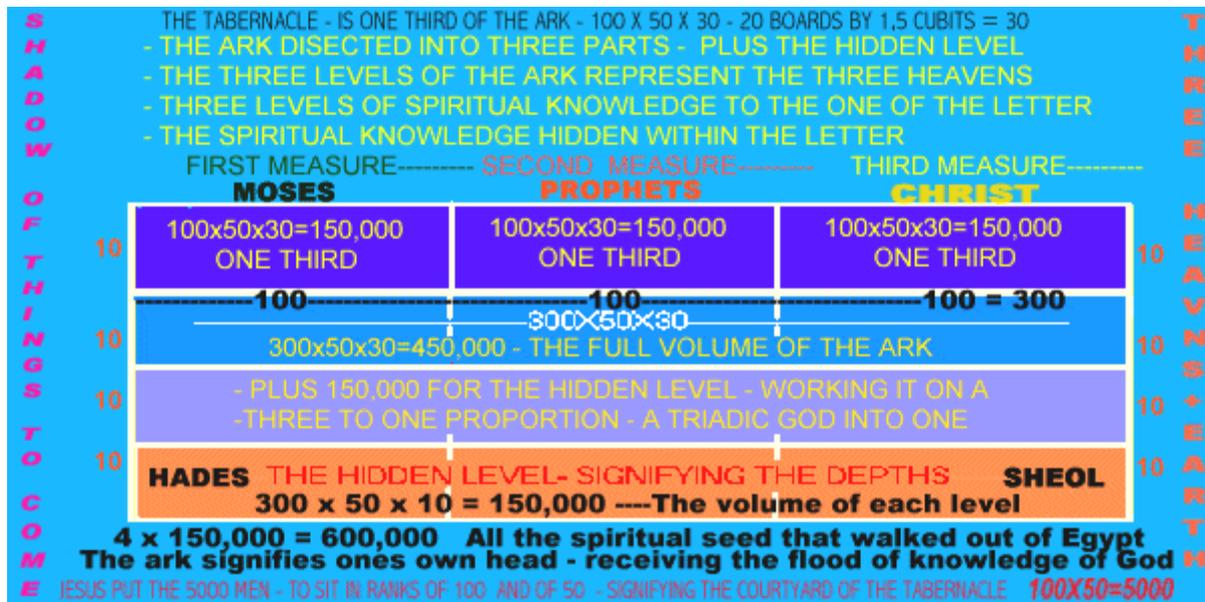

What is the teaching and understanding for us, whether the Ark was 25 or 35 cubits or whatever height, or if the Ark spent 250 days on the waters? This is the reason that up to now, no one has really understood the hidden meanings of the scriptures.

But not just the Ark, even the age of Noah and also the age of Adam why should the writer make sure to mention these numbers? Did man actually live such a prolonged life or is it just a cryptic? Moses came some two and a half thousand years after Adam and one and a half thousand years after Noah and also one and a half thousand years before Christ, how did Moses know about Adam and Noah and also about Christ, because he wrote about Him.

The volume of the ark

The volume of the ark, when worked out, which is $300 \times 50 \times 30 = 450,000$ plus the hidden level, which is another $300 \times 50 \times 10 = 150,000$, so, when we add $450,000 + 150,000 = 600,000$.

I don't expect anyone to understand this just yet, but do bear these numbers in mind.

All things must be questioned

Unless we question and examine in detail the narrative of the scriptures, we will never get the answers. But first, we have to lay down a foundation of understanding, because without a foundation we would not be able to build the solid facts of the hidden meanings of the Word and unless we do that, we will not reach very far.

It will be just like another story by someone's assumptions, where we had many over the years, who had attempted to give an explanation and each everyone came out with a different version. Obviously that was their personal interpretation, which it was not based on the scriptural evidence, but on manmade assumptions and by taking the scriptures literally.

Why should the Ark be $300 \times 50 \times 30$ what is the relevance of these numbers, and where do they lead us and what do they actually teach us?

There is so much diversity in the scriptures that it would send the mind of any man into perplexity, and the understanding of the Word is a lifetime achievement, through the opening of one's mind, but it will not happen unless God does something to the mind of a man.

Something that has been ignored completely and excluded by all, they've all tried to explain the scriptures without the Author, where again this statement, it would be hard to accept and to be swallowed by the majority in our modern times.

Jesus proclaims

Jesus gave many indications about the understanding of His Word, by saying; when the spirit comes, the spirit of truth He shall teach you all things, He shall teach you the truth and the truth shall set you free, free from what?

What is the truth that the spirit is going to teach us, truth about what? It is obvious and a certainty that He is talking about the hidden meanings of the Word, the heavenly things

and in anyway, why do we need the spirit of truth, if what we read literally, word for word, is the truth?

I'm referring this to people who have knowledge of the letter, they who have been studying the letter for many years now, and what I'm trying to do, is to throw some light to the understanding of the hidden meanings.

Like everything else in life all things must have a beginning and evidently and eventually have an ending, which is the result of understanding, as to how things work.

The entire scriptures, all sixty-six books are about the creation of one man

The entire scriptures are all about the creation of one man, as to how God, can take a man, any man, from one state of mind and being onto another. This is why the scriptures refer to the one, who has ears and wants to listen, which in reality, is to whom it might concern, he who denies all things and to the one who overcomes, singularly, because is directed to one man, any man in Adam that is.

Because through the knowledge and understanding of the Word, one man could be transformed, transfigured (metamorphosis) onto a spiritual and heavenly being, and this is the intention and teaching of the entire scriptures.

And providing that man finds the true knowledge, so it could guide him on the correct pathway to achieve this goal, this is why even Paul was sent, directed in the way, which it is called the straight-way, after his experience on his way to Damascus.

What we must understand and discern, if though we read a natural and a physical event, behind it lay hidden and in cryptic a completely different story with a different meaning and context, where the natural is but a reflection, looking in a mirror enigmatically. The scriptures have many allegories and metaphors as mirror images, which reflect the spiritual.

This is why there is no physical evidence of the scriptural stories, because nothing is physical as such, but a metaphor leading into spiritual knowledge and understanding.

One must be created in His image and in His likeness

God has to create (build) a man first in His image and in His likeness and it is not something that will happen over night. What we have to understand is that to be created in His image and unto His likeness there is a long gap, a long period of time and a long procedure or process, the scriptures in the meantime are timeless. Most scholars see the creation as a thing of the past, by believing that God has already created man in His image and likeness, which is a big misunderstanding and misconception.

Everyone has missed the main point and the objective and purpose of the scriptural teaching, because if man was created already in the image and likeness of God, why is it then necessary for a man to be renewed and be transformed?

Man, like all the animals and living creatures would have been doing things instinctively and without the need for education. And where everyone is looking on the account of

Genesis as the creation of the natural world, they are about a million miles away from the truth or as far as Pluto is from the planet Earth.

The Genesis account is a teaching, which is prophetic, because the Garden of Eden to begin with is but an abstract and a metaphor, a heavenly place.

But let's elaborate on this through the evidence given, because unless we build up a foundation of understanding first, logically that is, it would be pointless to carry on and to give the hidden meanings of the scriptures.

This is why I've said from the beginning, unless the Hebrew and the Hellenic scriptures come together in unison, no one would ever come to the true understanding of the Word of God, its true purpose and intention.

What many have done, they have abolished the Old and others have abolished the New, thus abolishing the creation and the Christ.

Paul's evidence and testimony

But let's take the evidence of what Paul is revealing, he claims that he was taken up to the third heaven, which is the paradise of God, inside the body, outside the body he wouldn't say, which is but a key. [2/Corinthians 12:2-4](#).

Also, what would be the purpose of the teaching of Moses and of the Prophets, the entire Torah, and the Messiah? So God has created man in His image and likeness and man goes and sins against Him, to the point that He cursed man.

As if God did not know what His creation would do, well, on this assumption He cannot be called a God then, especially when man was created in His image and likeness.

I beg you to bear with me, because unless we can break things down and place them in their right perspective, through rational thinking and logic, through an intelligent and sound mind, nothing would ever make any sense, now and never. But let's analyse the Hellenic word for God, which is 'THEOS' from the verb 'Theo', which mean to see and to view all things, where the words theory and theatre derive from, so Theos is someone who can see and view all things.

When a man says I believe, the truth is, he is giving his personal opinion and self-assumption. And I am not giving my opinion here, but the evidence of the scriptural message and understanding and to prove the very existence of The Creator, Elohim, Who can only be made manifest through His Word.

Let's take some other evidence, it is written that man from nature (birth) is a child of wrath [Ephesians 2:3](#). [Among whom also we all had our conversation in times past in the lusts of our flesh, fulfilling the desires of the flesh and of the mind; and were by nature the children of wrath, even as others.](#)

Also, read [Psalms 51:5](#) [Behold, I was shapen in iniquity; and in sin did my mother conceive me,](#) and [Eccl.3:18](#). [I said in mine heart concerning the estate of the sons of men, that God might manifest them, and that they might see that they themselves are **beasts**.](#)

How is it then that we are created in the image and likeness of God and from nature we all are children of wrath and beasts? It certainly does not add up.

The truth of the matter is that no one up to now has in real terms understood the account of Genesis and the true meaning of the creation. Wherefore, the creation of Adam has nothing to do with the creation of the human race and the natural world, but prophetically the creation of the man of God, which must become the teaching to all men.

Luke's account of the creation through the genealogy, [Luke 3:38](#), clearly proves the very point, [who was the son of ENO's' the son of SETH, the son of ADAM, the Son of GOD.](#)

Here we can see that Adam was the first son of God, and when we read the original Hebrew version of Genesis, it clearly states; [God said, let him be light and he was light and he was evening and he was morning.](#) God is speaking to a third person masculine and not an it, as the translators wrote it down, let 'it' there be light.

Now then, the entire scriptures testify who the firstborn and the first Son of God is, but for anyone to understand what sin is against God, he has to receive the law, because the law comes to manifest sin, so, did Adam receive the law and who in reality is Adam?

But before we carry on, let's read some more accounts from Genesis, we read that on the third day God has created the grass and the seed, and the plant life, which also doesn't add up or make any sense either.

We all know through nature, that it is impossible for grass or plant life to grow and even to exist, without the sunlight. Where the sun we read was created on the fourth day, and again this statement does not stand, because after all it is the gravity of the sun, which holds our galaxy and planetary system together. And for the fact that our galaxy is made up by nine planets, is another matter, which obviously there is a good reason why and also our planet, which is made up of two thirds of water. (Galaxy, comes from the Hellenic and means milk).

A lot of people think that God had a magic wand and He was saying 'abracadabra' and things began to appear, even rabbits out of a hat. This does not add up with all the academic knowledge that the Solo Creator has given to all mankind, even the creation and existence of the dinosaurs, which were left out of the account of Genesis and for a good reason.

Which proves beyond doubt, that the creation of Genesis has nothing to do with the creation of the natural world, but the prophetic word and teaching. How can a man, any man, from one state of mind and being, through the knowledge, and instruction of the scriptures, could be created in the image and likeness of his creator, and to be conformed in the image of the firstborn.

This is why, there are 77 generations from Adam to Jesus, 77 steps I might say, for a man to be created, through the scriptural teaching, from the first Adam all the way to the Last Adam. Paul gives evidence about the two Adams, [1 Cor 15:45-49](#), which cannot be ignored at any time. There is obviously more knowledge concerning the generations.

The righteous and the unrighteous – the two opposites

And again the scriptural light speaks about two entities, the righteous and the unrighteous, the good and the bad. Which by no means, has anyone come close within a centimetre to understand that the Lord refers this to one man. Why does the Lord begin with two trees [Gen.2:9](#) and He finishes with one tree [Rev. 22:2](#)? What do they actually represent, what are these two trees, which become one?

Why does Paul write, about the old man and the new man, and that with his body 'flesh – soul' is sold to sin but with his mind, is working in the Lord. He finds in his members two things, two entities, which in contrast are warring against each other?

He also talks about two laws, the law that kills and the law that gives life, what are these laws and what is their reference and to whom do they apply?

Unless we can put the letter in its right context there is no way that we could come to the understanding of the spiritual meaning, which is hidden within the letter itself.

As I've said, God's intelligence and knowledge super-exceeds the knowledge and also understanding of any man, He has to prove through His Word, that He is God and not a mere man with limited knowledge.

Paul also testifies: **that the natural man cannot accept the things of the spirit of God, for they are foolishness unto him: neither can he know them, because they are spiritually discerned. 1 Corinthians 2:14**

He also testifies, **1 Corinthians 2:7 But we speak the wisdom of God in a mystery, even the hidden wisdom, which God ordained before the world unto our glory:**

Also, **1 Corinthians 3:19 For the wisdom of this world is foolishness with God. For it is written, He takes the wise, in their own craftiness.** Which Paul quotes from Moses and the Prophets, **Job 5:13.**

1 Corinthians 1:21. For after that in the wisdom of God the world by wisdom knew not God, it pleased God by the foolishness of preaching to save them that believe.

Here we can separate the wisdom of God and the wisdom of man that are opposites and contradictory towards each other, how come then everyone is made to believe that man has already been created in His image and likeness?

Even the meaning of the words haven't been understood as yet, image is to look alike and likeness, is to be exactly of the same character. And when two people look alike, it means that they are twins, not only in facial looks but in characteristics (mannerism) and in knowledge also.

I am sure many will argue that we have been created in the image and likeness of God, are we really? That's wishful thinking on the part of the arguers, well, all one has to do is to look around him, right through our globe, evidence speak for themselves.

The division in the religious circles alone goes without words, never mind argument and even debate. Where everyone has created god in his own way, the way that it suits him best and for personal gain, satisfaction and egoism.

If there is only one creator then all spiritual knowledge must be the same for all, which is not the case according to all the religious so-called beliefs, which undermines the intelligence of the creator, making Him no more than a mere man.

The letter by itself, would not and could not lead anyone very far, one will soon find himself going round in circles, and trying to guess in reality what this and that means.

Obviously and evidently this is the case of the misunderstanding of the whole concept and context of the scriptural truth. Jesus proclaims that **His words are spirit and they are**

life; well, if they are Spirit, they must be invisible, which refers to the hidden meanings and the mysteries, the things not seen.

Apocalypses

The Hellenic word 'apocalypses' it means to remove the cover 'calymma' 'veil', referring to something that is hidden and needs to be uncovered, to uncover the spiritual things, through 'the cryptic' of the letter.

To give meaning to the heavenly things, the things not seen, to break the seals, to open them up, 'apocalypses' = removing the veil, which only the lion of Judah can loose, meaning that only He can teach one, through the opening of the mind. This is why He stated very clearly, don't call anyone else teacher, but Me. The Hellenic word used is 'Kathevedees', which mean, the one who can teach all things.

Christ is the Alpha and the Omega, the first and the Last Adam?

Not many people have in reality understood who the real Jesus is, while he is declaring that he is the Alpha and the Omega, the first and the last the beginning and the end. And if He is the Alpha and the Omega He must also be and every other letter in between.

No one has understood that He is the very first Adam, He who had emptied himself, taking the form of a man and of a servant and that the Garden of Eden is but an abstract, a heavenly place. God's teaching from above, which I am sure many would find it hard to swallow, but through the spiritual revelation and understanding, this concept becomes evident.

Adam which in reality mean, 'red man' made from dust, as a metaphor obviously, and representing the 'red virgin soil' the good ground from the parable of the sower. (And the dust that the scriptures describe has nothing to do with earthy dust, but a different meaning all together, which in time would be revealed)

And that He, Jesus himself, is walking 4000 years, right through Adam, Noah

Abraham, Isaac, Jacob, right down to Joseph and David and Solomon, and all the Prophets, all the way to Bethlehem and the cross. (How else could Moses write about him, also, whom does Moses represent?) But as a teaching though, the royal seed, this is why He is the Alpha and the Omega and obviously and every other letter in between. And the First, referring to the first Adam, and the Last, referring to the last Adam, and also He is the Beginning of the creation and the End, and transformation, the fulfilment and perfection of the creation. (Spiritual creation that is).

Please bear with me for a while, till I show you, through the spirit of the word the true evidence, because it is very hard for one to understand after so many years of confusion, 'Babylon' and deception, which must fall and mix up 'Babel', which hold many hidden keys.

Babel, where we see the scattering of the tongues, representing the hidden knowledge of God being scattered all over the world, (but man is not aware of it) which is the opposite of what happened on the day of Pentecost, where all the tongues came together.

Israel - the spiritual 'seed' knowledge - scattered all over the world, and then brought back, Acts 2:5 And there were dwelling at Jerusalem Jews, devout men, out of every

nation under heaven. Which points to one man gathering all the knowledge of God, a fisher of men.

Babel – Bab –El, which also means the 'gate of God' the entrance to the kingdom of God, which could only be achieved through God's Word, God's knowledge, by bringing all the tongues (spiritual knowledge) together.

The biggest undertaking

This is the biggest undertaking that no man up to now, has ever attempted not even to entertain, as to go deep into the scriptural understanding, which obviously is very hard to put on paper, '**words that cannot be uttered**'. There is so much diversity in the scriptures that'll send the mind into a storm, '**flood storm**' perplexity, especially when the mind of all men was made to believe that all the scriptures were natural and physical events.

The scriptures are a Mosaic

The scriptures are like a Mosaic, we have to bring all the fragments together so that we could form a full picture this is why it will take many pages, fragments to achieve it.

By the way, what is a Mosaic and from where did this word derive from and what in reality does it represent and signify, when many fragmented pictures 'broken pieces' are put together form a Mosaic?

But the word in itself I'm sure it defines its true meaning, which has to do with the broken fragments of the first tablets, which were written by the hand of God. Where Moses smashed them into many fragments and scattered and when found and put together form a Mosaic, (ingathering the Word) which represent the hidden knowledge of the scriptures, of the laws of God, '**the body of Christ been broken**' into many fragments. A Mosaic represents a '**lithostrodos**' a way paved with stones and in the case of the scriptures it represents precious stones, **Jew-els**.

The scriptures also, are like a giant 3 dimensional jigsaw puzzle

The scriptures also, are like a giant jigsaw puzzle, with all its pieces scattered, where one has to gather them and put them together to form a picture, but in three dimensions. Plus one more dimension, which is the letter, which is used as a blueprint to enable us to build the full spiritual picture. And each and every fragment must go in its proper place, where it fits exactly.

We begin from one point and eventually we spread out in all directions, this is exactly how the scriptures were written and also, how they could be explained. One or two, even several fragments could not complete the full picture. And as I've said, for one to build the picture, one must have a duplicate of the actual picture itself to enable him to put it together, but in the case of the scriptures, it comes through the revelation of God.

Israel as a metaphor represents the spiritual seed

Israel as a metaphor and as natural evidence represents the spiritual seed, 70 souls descended (came down) into Egypt and 600,000 footmen all the hosts of the Lord had walked out. Here we have to observe the word '**footmen**' representing, first of all that the

600,000 were all men, which they represent the seed, this is why in the genealogy of the scriptures only men are mentioned.

Also the word 'footmen' is a cryptic clue, because a footman, has ten toes, which also signifies the ten laws. Meaning those who walk in the laws of God; and if we were to multiply 600,000x10 (toes) = 6,000,000, why do you think that six million Jews were slaughtered during the Second World War, why, some strange coincidence?

The 70 souls descending represent spiritual knowledge from above, where Stephen stated that the souls were 75, quoting from the Septuagint, the Hellenic version of the scriptures, which is but another cryptic clue.

After all, the salvation is of the Jews, referring to the purification of the mind, through the water baptism, by receiving the laws of God. And not by dipping someone in water 'the physical ordinance', but by the teaching of the hidden knowledge of Moses and of the Prophets and the spiritual light of the gospels the fulfillment, and the pure in heart shall see God, of pure conscience, the 'red virgin soil'.

Pointing to the first Adam, the good ground, and the good earth, of the parable of the sowed, where the seed is planted and takes root, the seed obviously is the Word of God.

The scripture's advice is to leave the first teachings and carry on unto perfection, **Hebrews 6:1-2**. Referring obviously to the written law, 'Moses', which must be cut off (at 120) for Joshua, Jesus to take over, because only the teaching of Moses could lead one to Christ.

The Land of Israel

Also the land of Israel 'Canaan' signifies the 'Low Land' 'flat land –Level Land'. **Where every valley shall be filled, and every mountain and hill shall be brought low; and the crooked shall be made straight and the rough ways shall be made smooth, and all flesh shall see the salvation of God.**

The Land of Israel also represents a man, the mind and heart of a man, **Galilee**, which mean, 'circular' 'round' signifying the head of a man. This is why it is written; can anything good come out of Nazareth of Galilee? Referring to a man's heart and head. **John 1:46**.

Samaria, which mean 'watch mountain' signifying the heart, someone who is alert, awaken in the mind and heart through knowledge and understanding of the spirit of the word. **To awake to righteousness and sin no more**, through the wisdom and revelation by the spirit of truth, the spirit of God; prepare the way of the Lord.

Judea, also signifying the spiritual seed, from where Jesus has descended as a Jew, whom represents the light to the world. And also **Caesarea**, which mean 'severed' cut, signifying the circumcision of the heart, separating one man in two, by the unnatural birth, a '**caesarean birth**' born from the spirit.

Let's read from **Acts 9:30-31**. **Which when the brethren knew, they brought him down to Caesarea, and sent him forth to Tarsus. Then had the churches rest throughout all Judaea and Galilee and Samaria, and were edified; and walking in the fear of the Lord, and in the comfort of the Holy Spirit, were multiplied.**

(Tarsus mean, 'flat basket' referring to the land of Israel on one level, flat land, flat basket, where the bread is kept, Paul being the seed, sent forth, sent from above). The scripture above points to Christ from above working on one man.

And again, the land of Israel represents the table where spiritual food can be eaten, the flat land, obviously all these things are but just metaphors to guide one into the understanding of the spirit of the word, God uses the natural but as metaphors.

The land of Israel also represents the Promised Land, the land of milk and honey, meaning, for one to receive the milk of the Word, which is honey to one's mouth, which also represents the Kingdom of God, as a natural reflection and evidence to the spiritual.

ISRAEL - THE LAND OF CANAAN - THE LOW LAND - THE TABLE WHERE SPIRITUAL FOOD CAN BE EATEN
YOU PREPARE A TABLE BEFORE ME IN THE PRESENCE OF MY ENEMIES - PSALM 23;
THE TWELVE TRIBES ON THE TABLE LAND REPRESENT THE TWELVE LOAVES AND THE TWELVE PRECIOUS STONES 'JEWELS' ON THE BREADPLATE
GALILEE - SAMARIA AND JUDEAH MUST BECOME ONE - MIND AND HEART FILLED WITH THE SEED

GALILEE - REPRESENTS THE HEAD - CIRCLE
 SAMARIA - THE HEART - WATCH MOUNTAIN
 JUDEAH - THE SEED AND THE TABLE
 CAESARIA - THE UNNATURAL BIRTH - SEVERED
 BETHLEHEM - THE HOUSE OF BREAD
 JERUSALEM - THE NEW CREATION - PLACE OF PEACE

ISRAEL - HE WHO STRUGGLES WITH GOD - THE OVERCOMER
 FIFTY (50) TENTHS OF MANNA - REPRESENT THE 5 BARLEY LOAVES
 SEVENTY (70) TENTHS - THE HIDDEN MANNA REP. THE SEVEN WHEAT LOAVES
 50 tenths + 70 tenths = 120 tenths - WHICH EQUALS TWELVE (12) LOAVES

The Promised Land - the Land of milk and honey - the milk of the word - which is sweet in one's mouth

JUDAH = the praised one
 Issachar = reward
 Zebulun = an habitation
 Reuben = behold a son
 Simeon = the listener
 Gad = troop

Ephraim = fruitful - ash heap
 Manasse = forgetful
 Benjamin = the son of my right hand
 Dan = judge
 Asher = blessed
 Nephthali = wresting

Judah	Issachar	Zebulun
Reuben	Simeon	Gad
Ephraim	Manasse	Benjamin
Dan	Asher	Nephthali

PLUS JOSEPH AND LEVI
 Which were added later on - Rev. 7:7-8
 Dan and Ephraim are omitted Israel on the march

Breadplate of Righteousness - The Walls of Jerusalem
 He makes me lie down in green pastures
 He leads me beside quiet waters Psalm 23:

THE LAND OF ISRAEL AS A TABLE AND AS A MAN - A COMPARISON - A REFLECTION TO THE SPIRITUAL

The testimonies of Luke and Paul

If only one could understand the cryptic of the scriptures; he will see here and very clearly that Luke, who knew the spirit of the word, brings all the light together, which points to one man. The light shining on the bread, this is why 'man shall not live by bread alone' by the way the name Luke means 'light'.

Paul obviously represents the seed, this is why his name from Saul, which means, 'desire' was later changed to Paul, meaning, 'small' the small seed, the mustard seed, which grows and becomes a great tree, 'the desire of the small seed'. (THE TREE OF LIFE)

This is also why Paul testifies: I plant and Apollos waters, Apollos obviously, was a man who knew Moses and the Prophets. Let's also read Acts 18:24-25.

And a certain Jew named Apollos, born at Alexandria, an eloquent man, and mighty in the scriptures, came to Ephesus. (Ephesus mean, permitted, given permission to teach).

This man was instructed in the way of the Lord; and being fervent in the spirit, he spake and taught diligently the things of the Lord, knowing only the baptism of John.

Apollos, representing the water baptism, because Moses and the Prophets were until John, meaning that after the teaching of Moses and the Prophets, the two measures, Christ takes

over, the spirit of the Word, (the law of faith) remembering Christ's words, 'My words are Spirit and they are Life'.

Paul also testifies that he was born before due time, meaning of what he was doing and teaching, was a shadow of things to come, pointing to us today. 1/Cor.15: 8.

Moses and the Prophets are the two measures and Christ is the third one

Not many have in reality understood that the two measures, which the scriptures refer to; are Moses and the Prophets and the third measure being Christ Himself.

The light of the scriptures

But let me throw some more light on this; if we were to take the six days of the creation as six thousand years, through the evidence that one-day in the Lord is one thousand years and one thousand years but one day.

Meaning, that from Adam to today, we have six thousand years, or six days, which mean that Jesus came on the fourth day or the fourth thousandth year, which was two thousand years ago. Which mean that Jesus came at two thirds of the way, which is four over six, why do you think that the sun was created on the fourth day? But as a metaphor though.

And also the resurrection of Lazarus on the fourth day, (two thirds of the way) whose name mean, the one 'whom God helps', referring to the man in the wilderness, the one under the death sentence of the law, where Christ comes to raise him from the dead.

There is more depth obviously into all these scriptures, but let's keep it simple.

Jesus Christ 'Sun of righteousness' 'Son' the light to the world

The light of the world, which has nothing to do with the natural creation at all, but a prophecy pointing to the coming of the Messiah, at two thirds of the way, which also point to the two measures, which are Moses and the Prophets.

Meaning, that after the teaching of the two measures, Christ comes 'the third measure,' and this is what He proved and fulfilled at the wedding at Kana of Galilee, by using (6) six stone jars filled with two to three measures (2-3) with water, according to the purification of the Jews.

Two measures or two thirds represent the very same thing, which is a cryptic clue, if we were to add; $6 + 2/3rds + 1/3rd = 7$. This points to the six-day creation, where a man receives the two measures to lead him to the third measure, which is the Sabbath, the seventh day, which is Jesus, the son of man, the new born spiritual man. Jesus begins his signs with the creation of Adam, pointing to one man that has been born from water first, a man full of water, full of the knowledge the law, full of bread, a house of bread 'Bethlehem'. Where He comes to change the water into wine, born from the spirit, Christ the fulfilment and end of the law.

And for the fact that the wedding was on the third day, points to the three hidden measures, the spiritual knowledge of the three measures. Remembering that the kingdom

of God is like a lump of dough, hidden by a woman, in three measures of fine flour, till all becomes leaven. Which mean to know good and evil and also to discern it.

The word of God is also written in a three to one ratios

Also, the Word of God is written, in a three (3-1) to one ratios, or proportions, giving us four angles, where we can view the scriptures. Meaning, that there are three spiritual levels of knowledge to the one, which is the letter, the physical story, which also proves the Triadic God into one God, because God is one. Referring to the teaching of the Father and of the Son and of the Holy Spirit.

Which also refers to the teaching of Moses and the Prophets, the two measures, Christ the third measure and the completion and the fulfilment of all things. He, who changes the water into wine, meaning, from darkness to light, from Earthly to Heavenly, from Death to Life and from Flesh to Spirit. This is why it is written in the law 'that at the mouth of two and three witnesses every word shall be established'. Through the mouth of Moses and the Prophets and Christ the three measures or witnesses. (Christ the faithful witness).

Back to the six-day creation

And where everyone thinks that the six-day creation was the creation of the natural world and a thing of the past, is a complete misunderstanding and far away from the truth, because it has nothing to do with the natural creation whatsoever.

But the word of prophecy and the teaching of the spiritual creation of one single man, one man in Adam, the red virgin soil, of the parable of the sower, this is why it was the very first parable of Jesus. (One has to become the first Adam, 'bore the image' to become the last, this is why the first shall be last and the last shall be first).

Because He began with the creation of Adam, which He portrayed Himself, this is also, why His first sign was the six stone jars filled with 2 or 3 measures of water.

Which He changed into wine, which has nothing to do with a so-called miracle as everyone thinks and was made to believe, due to misunderstanding of the true meaning, but a sign, which is but a teaching to explain the purpose of Moses and the Prophets. The word of God

is in riddles, mysteries, why should Jesus declare to his disciples that only to them it has been given to know the mysteries of the kingdom? Read [Luke 8:10](#) - [Matthew 13:11](#) - [Mark 4:11](#) - [1/Cor. 4:1](#). Also the second sign of Jesus was the raising of the son of the nobleman on the seventh hour, which is another cryptic and very relevant. [John 4:49-54](#). (Why the 7th hour?)

And again the Hellenic word used is 'seemeeon' 'sign' and not a miracle.

This is why the scriptures haven't been understood up to now, because the letter by itself and without the spiritual meaning is contradictory and confusing and nonsensical.

The threshing floor of David

Let me give you an example; in [2/Samuel 24: 24](#) is stated that David bought the threshing floor from Araunah for 50 shekels of silver, but in a latter book, [1/Chron. 21:25](#).

It states that David and for the same act, from the same man, the Jebusite king, he bought the threshing floor for 600 shekels and in gold. (Araunah and Ornan, is the same person and the name means 'Ark' and the threshing floor is the plot of land, where the Temple was built [2/Chr.3: 1](#)).

Here we can see a great contradiction between two books and as far as the letter is concern, but are they in reality contradictory through the spiritual understanding?

Let's break it down and open it up, first of all let's examine what the threshing floor represents; a threshing floor is a plot of land, where the sheaf is gathered in bundles and then opened up, ([realising of-course that the Lord speaks about earthly things](#)).

Then spread all over the threshing floor, where an ox drawn sledge, a wooden board with sharp blades under it and driven by a man was pulled up and down and in all directions, by cutting up the hay into 'straw – stubble – chaff'.

Then afterwards, with a wooden shovel, one man or several people, but let's keep it singular, would start to shovel the chaff by tossing it into the air and the chaff being very light, would be blown away by the wind, in a different direction.

And the seed being heavier would fall straight to the ground, thus separating the chaff from the wheat. I am sure that most people are familiar with this ancient procedure.

The Lord uses earthly things but as metaphors

It becomes very clear that the Lord uses earthly things as focal points and visual to teach us the spiritual. Wherefore in reality the threshing floor represents a man, 'mind and heart' the good ground where the seed (word of God) is gathered by the disciple, where he has to separate the pure seed (the word of truth) from the chaff, the lies. (Dividing the spirit from the soul), which also applies to separate the letter 'physical' from the spiritual, 'hidden meanings'.

Which also means, to be able to discern between good and evil, by learning good and evil, (Hebrews 5:14) which is the teaching of the spirit, John 16:8 And when he is come, he will reprove the world of sin, and of righteousness, and of judgement. (Which refers to the Word of God) Also John 16:12 I have yet many things to say unto you, but ye cannot bear them now.

As we can see it is impossible for anyone to bear the truth, unless, the spirit, the revelation of the word, teaches one. We can also read 2 Timothy 3:16-17 All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness:

That the man of God may be perfect thoroughly furnished unto all good works.

As we can see Paul testifies that all scripture, which includes both Testaments and not just the Old or the New on their own, all scripture must come together, after all Paul never had a copy of the New Testament. He was teaching Christ through Moses and the Prophets through the revelation of the Word of God. As Luke testifies in Acts 26: 22 Having therefore obtained help of God, (revelation) I continue unto this day, witnessing both to small and great, saying none other things (adding or excluding) than those which the prophets and Moses did say should come:

Also Acts 28: 23 And when they had appointed him a day, there came many to him into his lodging; to whom he expounded and testified the kingdom of God, persuading them concerning Jesus, both out of the law of Moses, and out of the prophets, from morning till evening. (And he was evening and he was morning)

Jesus makes it clear in Matthew 5:17-19. Think not that I am come to abolish the law (Moses –written law) or the Prophets (oral law – faith by hearing –the true meaning of the written law) but I am come to fulfil. For verily I say unto you, Till heaven and earth pass, one jot or one tittle shall in no wise pass from the law, till all be fulfilled.

(A jot (Yod) or an iota, which are the tenth letters of both the Hebrew and the Hellenic languages (Hellenic biblical Alphabet) and represent a tithe).

Whosoever therefore shall break one of these least commandments, and shall teach men so, he shall be called the least (small) in the kingdom of heaven: but whosoever shall do and teach them, the same shall be called great in the kingdom of heaven.

As we can see, he who does, (walks according to Moses and the Prophets- walks in the laws of God - footman) and also teaches Moses and the Prophets, he shall be called great in the kingdom of God. But he who doesn't he shall be called small, least.

Paul is teaching the small and the great, (1000 –10,000) referring to the increase of the knowledge of the laws of God, the Word of God.

And if we were to understand the word perfectly, we have to break the letter down into many fragments, for instance: where it says; heaven and earth, points to one man, to flesh and spirit, meaning, the outer and inner man and not the planet Earth and the Sky.

Also the Hellenic word 'PARELTHEE' 'Pass away', which also means to fulfil, to accomplish, to bring to an end, meaning, till the perfect man is established, not one iota 'one tenth' of the law shall be left out. Where in actual fact the iota, 'yod', which has the numerical value of ten, in both the Hebrew and the Hellenic, which also represents the entire law, from

where do derive 603 precepts. Plus the ten, which equals 613 precepts in all, which means that the perfect man gives to the Lord one hundred percent. (Testimony)

This is also, why in Hebrew the name 'Mosheh Rabbino' 'Moses the teacher' has the numerical value of 613, 'he who draws from water'. (Except the Father 'draws' one unto me, John 6:44). And if we were to add the cryptic number of 613, $6+1+3=10$, which refer to the ten laws, obviously there are more depths to all these verses that it will amaze.

Which proves that 'Yeshuah' 'Joshua' Jesus' was not a Jew boy with few moral standards and a mere man as such, but the true Messiah 'Christ' and the Lord of glory manifested in flesh. He who walked all the way from the Garden of Eden, 'descending' which is a heavenly place, and not a natural 'orchard' garden, here on Earth.

That is why they were ten lepers, ten virgins, which represent one man, receiving the ten laws, and for the fact that there were five 'foolish' and five 'wise' virgins, it points to one's left hand and five fingers and one's right hand and five fingers. (Foolish and Wise) Proverbs 10:8. The wise in heart will receive commandments: but a prating fool shall fall. Ecclesiastes 10:2 A wise man's heart is at his right hand; but a fool's heart at his left.

The left hand represents the carnal side of man and the right hand represents his spiritual side, five without enough oil and five with adequate oil, representing the anointing, and the testimony of Christ.

One man in two parts, flesh and spirit, Heaven and Earth walking together, and from the beginning God created Heaven and Earth, which was prophetic, God creating the perfect man, as an indication for the future to come. This is why Elohim 'God the creator' said: let Him be Light and He was Light.

There are countless instances right through the entire scriptures about the number ten, Jesus made it very clear through His parables. And if we were to look around us today, where everything is becoming 'digital', which points to ten numbers, from zero to nine.

Zero (0) being the negative number, and one (1) being the positive and when put together we get the number ten, 'positive and negative' 'good and bad'. Where on many electrical appliances today we have the zero (0) as an 'off' point and the one (1) as an 'on' point.

The Lord does things but man is not aware of it, he thinks, that things just happen by themselves, without ever realising that behind everything is God working.

Jesus spoke very clearly about the signs of the times, and also signs shall follow the believers, and where everyone was made to believe that the signs represent miracles, the truth of it is that it has nothing to do with miracles whatsoever.

And if we were to take up the part of the scripture, where it says; in Mark 16-17-18. And these signs shall follow them that believe; in my name shall they cast out devils; they shall speak with new tongues; (Note: if the Devil had the authority to possess one man, he would have had possessed the entire human race)

They shall take up serpents; and if they drink any deadly thing, it shall not hurt them; they shall lay hands on the sick, and they shall recover (Which was added later on and for a good reason)

But let's break this scripture down and into its proper meaning: first of all the casting out of devils has to do with the lies that one man receives, the negative things and thoughts

that come to one's mind. He can cast them out through the knowledge of the spirit of the Word.

The new tongues refer to the **new wine, new teaching**, (a new and living way) pointing yet again to the spirit of the Word, the revelation of the letter, a new tongue or tongues, referring to the three spiritual levels of the Word.

Also, to take up serpents, represents the fiery darts of the devil, and also the power of the law, the serpent being a venomous beast, lies and deception and accusations.

And to drink something deadly also represents the poisoned lies, that will come against the believer, which by having the testimony of Jesus will not harm him. (**Learn the Truth and the truth shall set you free**)

And the lying of the hands represents the teaching of the law, one being able to teach the true meaning and understanding of the law, to heal any one and to deliver him from all the lies and false doctrines of man. This is why a man was given ten toes on his feet, which mean to walk in the laws of God, and he was also given ten fingers on his hands, meaning to carry out the laws of God and also to teach them.

Quoting: I shall put my laws in your mind and write them in your heart, but also in your mouth, so that you can speak 'teach' them. My word is nigh 'next' to you and in your mouth, the Word of faith that is, the spirit of the Word and not of the letter.

As we can see man has taken the scriptures literally, and his trying to carry out physical ordinances, which do not lead him anywhere, but to confusion and despair, and unto death, especially when the scriptures do not concern him personally, but they concern only the man in the wilderness. The man who chose, voluntarily to receive the laws of God, the law is holy and spiritual. That no carnal man could ever keep or to carry out, because only the righteous man could do that, through the law of faith. Meaning, the one under grace and truth, who is receiving the spirit of the Word, the revelation and true intent of the written law -(Moses) through the oral law, (the Prophets), by the revelation of Jesus Christ.

Paul testifies to this in **Romans 7:18-25**. **For I know that in me (that is, in my flesh,) dwelleth no good thing: for to will is present with me; but how to perform that which is good I find not.**

For the good that I would, I do not: but the evil, which I would not, that I do.

Now if I do that I would not, it is no more I that do it, but sin that dwelleth in me.

I find then a law, that, when I would do good, evil is present with me.

For I delight in the law of God after the inward man: (the righteous man)

But I see another law in my members, warring against the law of my mind, and bringing me into captivity to the law of sin, which is in my members. (The carnal man)

O wretched man that I am! Who shall deliver me from the body of this death?

I thank God through Jesus Christ our Lord. So then with the mind I myself serve the law of God; but with the flesh the law of sin.

Romans chapter seven is the classic example, where Paul makes it clear about the two laws and about the two sides of one man.

Man deludes himself

There are many people out there who take up serpents physically, thinking that no harm would come to them and many are bitten and die as a result. Which in a way is sheer stupidity, on the part of an intelligent being, and this is due to the lack of knowledge of the spirit of the Word and responsibility should lie on the so-called preachers.

Who in reality they know nothing of the Word of God, because they've raised themselves, by taking up the scriptures in vain, and always refer to the letter, with the cliché I have faith, which is sheer nonsense, and self delusion.

The false Prophets and teachers

There have been false prophets and false teachers right through the centuries; in Jeremiah, God makes it ever so clear about the false prophets, by saying; I did not send them, they've raised themselves, they speak from their heart, they prophesy falsely.

And millions of others lay their hands on sick people, by thinking that a man could be healed in that way, disregarding the true meaning and purpose of this passage.

They even think that they will pass on the spirit of God to someone else, by that physical act, which yet again is vanity and comes to nothing. [\(The Lord has inspired people to build Hospitals and clinics and many institutions and He has appointed doctors and nurses to take care of the sick\)](#)

They take up the scriptures physically, from the passage, where Paul laid his hands on his disciples to receive the spirit, which in reality it means that he was teaching them the true meaning of the law, to receive the spirit of the Word and the true understanding, which is timeless.

These people they had better ask a Jew what the laying of the hands signifies, or to sit at someone's feet represents.

Jesus blew with his mouth unto his disciples, signifying the breath of life through the spirit of the Word, which was also a shadow of things to come. Remembering that the spirit gives life but the letter kills, referring to the two sides of the scriptures, the letter and of what is hidden within and again pointing to Moses and the Prophets.

The Temple of God is man himself

We all know that the Temple represents man himself, Christ building (creating) a man into the Temple of God, by remembering that God does not dwell in manmade buildings but in a person. Paul testifies to this, by saying; **don't you know that you are the Temple of God and the Spirit of God dwells in you? 1/Corin 3: 16.**

(Which puts the so-called church buildings out of context, where men of no knowledge, have been building for so many years, trying to accommodate God into a manmade

building. Even paving it with gold and on the sweat and blood of the poor and calling it the house of God, no manmade building will ever accommodate the Lord, which is also why there is no Temple standing in Jerusalem today. Everything was a shadow of things to come, and since the manifestation of Jesus, man 'substitutes' becomes the Temple).

Jesus made it very clear, by saying; **destroy this Temple and in three days I shall raise it up. John 2:19 -20.** And the Jews said; it took 46 years to build it - where the number 46 is but a cryptic yet again, which I will not go into now, but just to point out the cryptic, what if we were to divide the 40:-6 = 6+2/3rds? Which obviously points to Moses and the Prophets, which also opens up the entire scriptures, which refers to the Tabernacle in the wilderness.

As we can see, Jesus being the seed (son) of David, 'spiritual seed' and what this means is that Jesus was walking 'invisible' all the way from Adam and as a teaching, for anyone who has ears and wants to listen.

Jesus as The Teacher prepares the way through Moses and the Prophets

Preparing the way through the knowledge of Moses and of the Prophets, through the teaching of the torah, the written law (Moses) and of the oral law, (the Prophets) until he manifests.

Meaning that only through the teaching of the laws Christ comes, at two thirds of the way, after the two measures, or two witnesses. 'Jesus can only be born in Bethlehem', in a 'house of bread' this is what Bethlehem means, Jesus of-course being the example to all, the way and the truth, the gate of the sheep, the only way for any man from every nation, tribe, race and tongue.

Signifying the red virgin soil, the good ground of the parable of the sowed, being born from a man that has been purified by the word of truth, washed and cleansed by the 'loutro' (**Eph.5: 26**). Which mean 'warm or hot bath' denoting a head bath, the renewal of the mind, the old cask being renewed, for the new wine, the new teaching, a man full of water, full of the knowledge of the laws of God. (This is why Jesus sent his disciples to meet a man carrying a water jar, which was carried on one's head or shoulder -(**Sheckem**) - representing one's head and mind and who had an upper room(**head and mind**) furnished and prepared) **Mark 14:13-15.**

And just the same with the word Emmaus, which also mean, warm or hot bath, **Luke 24:13.**

This is why Jesus proclaimed; where two and three gather in my name, there I am, in their midst, referring of-course to Moses and the Prophets, the two, and the spirit the third one, the spirit of the Word, the new teaching and the new wine.

Which proves; why at the wedding in Kana, 'which mean reeds, signifying judgement' of Galilee (his very first sign) he used six water jars containing two and three measures, **John 2:** There is more depth to all these obviously, but let's take one point at a time.

And when the disciple is full of water Christ comes to change the water into wine, this is why Christ begins with the Passover and finishes with the Passover. (To understand this, one has to see Israel coming out of Egypt, which was prophetic, a shadow of things to come).

We can clearly see this in [Mark 14:13-16](#), and [Luke 22:8-13](#) Where Jesus sends two of his disciples 'Simon Peter and John, which are used as keys, because of their names' to meet a man carrying a water jar 'a pitcher'.

Simon, which mean 'the listener' the son 'seed' of Jonah, which mean 'dove' and signifies the spirit. (A dove sat on Jesus' head – Noah let the dove three times – three spiritual levels of knowledge – the Lord does things in threes). Pointing to a man who has ears and wants to listen 'what the spirit is saying'.

And for the fact that Jesus changed his name to Peter, which mean 'rock' it represents a man being built 'created' on the rock foundation of the true doctrine of the spirit of truth. Simon Peter represents any man, the one who has ears and wants to listen what the Spirit is saying, he who has the keys of the knowledge of the spirit of truth, and not so much the Apostle Peter, he is only a teaching and a metaphor. (Men of no knowledge twisting things and denying the Lord of Glory)

Also the name John, mean, 'the grace of God' and again representing a man who has received the water baptism through grace, John's baptism, this is why it is stated that Moses and the Prophets were until John.

John represents the receiving of the laws of God through judgements, but also through grace, the Jordan river being the river of judgement and death, which runs into the Dead Sea. Signifying the destruction of the works of the flesh, this is why nothing lives in the Dead Sea. (Jor-DAN – judge – judgement – to see the dead works- dead sea – dead see)

Water in the scriptures represents the laws of God as a metaphor

The waters in the scriptures represent the laws of God, this is why Israel went through the Sea of Reeds, or the Red Sea, and also why Jesus walked on water, meaning walking in the laws of God. (Red see – to see red – blood)

And where everyone is made to believe that Jesus actually and physically walked on water and they call it a miracle is nothing more than a metaphor, walking in the laws of God.

As I've said already, the scriptures are like a giant jigsaw puzzle, we start from one point and gradually we spread out to form a full picture. All scripture must come together, the Hebrew and the Hellenic, both in unison. First to the Jew and also the to the Hellenic.

As we can see the letter by itself, without the spiritual revelation, of what it really represents, is useless for anyone to increase in any knowledge and understanding, its like a myth, a far fetched story, after all an historical event cannot teach anyone the spirit of the Word. We have to break down the letter, because it is cryptic, a reference, towards a much deeper and greater knowledge, 'the mysteries of the Kingdom'.

The letter kills but the spirit gives life

It is written, that the letter kills, but the spirit gives life - Paul testifies; we are ministers of the spirit and not of the letter. Referring to the spirit of the Word and the spirit of truth, through revelation, and as Paul explains, that man is incapable to do it by himself.

Why should the Messiah declare, when the spirit comes he shall teach you the truth, and when you learn the truth, it shall set you free, what truth is he talking about?

If the letter by itself was the truth, meaning only the physical side of the scriptures, the narrative, why do we need the spirit of truth and at the same time, the spirit of wisdom and revelation, to reveal what? And when does the spirit of truth come?

And once again, I must repeat **John 3:12 and Luke 8:10**.

The great upper room

It would have been a miracle if Jesus had filled the stone jars directly with wine, meaning, taking a man from nowhere and without any knowledge whatsoever and changed him into a spiritual being. (A man being completely brain dead – nature teaches us that no child can go to a primary school for the first day and come home in the afternoon, with a university degree. It takes years, with much suffering and affliction and hard work through education and by growing up to achieve that).

Jesus had to fill them with water first, signifying that one has to be born of water first, a man being built, being created, one man walking and carrying a stone jar per day, for six days. This is why Jesus sent two of His disciples to meet a man carrying a stone jar, because that man had a great upper room furnished and prepared. (Clay, a vessel made of dust – which refers to a man – the jar representing a man, who walks six days to be created)

This is why **John 2:** states that the Jars were '**keimenai**' = lying down, meaning a dead man (a man being asleep - spiritually) being raised from the dead to be taught of God.

Meaning that the man was on his last water jar and on his sixth day, last day and the sixth jar, a man full of water, born of water, created unto a living soul, on the sixth day.

A man that has been washed and cleansed according to the purification of the Jews, a man that had received the two measures, then Christ comes '**the third measure**' to change the water into wine.

Passover, to pass-over from death to life and the great upper room, signifies 'one's head and mind', the upper chamber, where one's brains are kept, also the significance of 120 in the upper room, where the spirit comes. This is why Jesus was crucified on a hill called Golgotha, meaning skull, representing a man's head (renewal of the mind, change of one's head, mind) and also between two thieves, to reconcile both into one body by the cross.

Question: What do the two thieves represent?

Why was Elijah in the upper room with the son (young boy – lad) of the widow, what do they represent? And just the same with Elisha and why did the boy shout my head my head, Rahab the harlot hid the two on the roof and also Eutychus on the third floor or level, in Paul's teaching? No, there is more to the scriptures that meets the eye, as I've said earlier, the letter is but a reference towards greater knowledge and understanding.

And through the spiritual revelation of the letter, it shall be revealed that we never had any man with such great intelligence, to be able to 'concoct' put together, the story of the scriptures, in such a way. With such mathematical precision and accuracy, but only the creator Himself, The Genius, (Pansophos = wisest – having all the wisdom - Hellenic). And to praise God is to make Him known, through His Word, the very purpose of Jesus, 'I come to reveal the Father- I don't speak of myself, but the one who sent me.'

50 to 600 shekels

But I would like to return to David and the threshing floor, which he bought for 50 and then for 600 shekels.

No man up to now has in any way understood the significance of these two numbers, the number 50 first of all, points to the fifty tenths of manna that Israel were to receive from the second day, from their exodus (exit) out of Egypt (the worldly things – and state of mind).

From the fifteenth of the first month after their exodus out of Egypt, from the counting of the Omer on their way to mount Sinai, walking fifty days (feast of weeks) receiving one tenth of manna per day for fifty days.

Fifty-tenths equals 5, pointing to the five barley loaves, that Jesus fulfilled, when he fed the 5000 men in the wilderness. Where He put them (laid down) in ranks of 100 and of 50 and this is to identify with the courtyard of the Tabernacle, the courtyard of death. The courtyard is 100x50 cubits, in length and width. His disciples gathered twelve (12) baskets full of the fragmented bread, wherefore, and this is through the spiritual revelation of the Word, each basket contained 50 fragments, so 12 baskets by 50 equals 600 fragments of bread.

600 the spiritual age of Noah, but as a metaphor

Which also points to the spiritual age of Noah, when he was 600, when the flood of knowledge, the floodstorm, the former rains came, the imparting of the laws of God. Which has nothing to do with a natural deluge, but referring to one receiving the laws of God, through judgement and the death of the flesh, all flesh had died (cut off) at 120 and pointing to one man. This is why Noah was the 10th from Adam and the 8th into the Ark, and pointing to the two covenants, water and blood. I shall reveal this much later. (Moses gets cut off at 120)

And for the fact that the Ark was on the waters for 150 days, which equal five months, each scriptural month has 30 days, where one loaf of bread was to be offered for each month and again referring to the five barley loaves, 5 months, 5 loaves.

And this is what I am saying that the entire scriptures are prophetic, a shadow of

things to come. And what has happened there, as a physical and natural event supposedly, is nothing more than a metaphor. This is why Jesus stated, and as it was in the days of Noah, so shall it be also in the days when the son of man is revealed.

Question! Are we going to have another universal deluge? I don't think so, because we never had one to begin with. No, everyone has underestimated the intelligence of the Lord. We had floods all over this earth and we will always have them, which proves that the Lord is not talking about a natural flood but a spiritual.

And for the fact that the Lord made an oath, that there shall no more be a flood, it represents that after the water baptism, there is no more judgement, the waters recede and dry land appears. Pointing to Christ 'the rock', Christ comes, to deliver the one under the judgement of the law. Which has nothing to do with natural waters, or mountains, or hills. (High mountains and hills and tall trees and giants represent, men of great stature, men of great knowledge, doctrines of men).

John confirms it by saying; I must decrease and He must increase, increase in the spirit and in all knowledge and wisdom, and to receive the mind of Christ.

Paul also confirms; and the rock that followed them in the wilderness, meaning the rock that was following Moses, was Christ, Moses gets cut off at 120, which is another key.

All flesh shall live to be 120, where Joshua = The Saviour takes over from Moses to lead the sons of Israel (the young generation) into the Promised Land. I shall come back to this later.

The actual flood has nothing to do whatsoever with a natural deluge, but the outpouring of the laws of God through judgement, the number five also, points to the Pentateuch, the written law 'Moses' the first five books of the scriptures. 'No man can be justified by the works of the law, but by the law of faith, (the oral law- the Prophets) where Abraham was justified'.

The five barley loaves represent the bread of affliction and sorrow, because they signify the judgements of the law against the carnal man, curses, mount Ebal. We could bring so much scripture together, but it will take thousands of pages to complete, after all, this is just the beginning, just to shed some light to those who are willing to listen.

And continuing, the number fifty (50) also, points to Joshua, Jesus, the son of Nun, which in Hebrew means 'fish' and has the numerical value of 50 and also, the significance 'gates of understanding'. And why did Jesus feed the 5000 men with five loaves and two fishes and what do actually the two fishes represent? I will come to this another time of-course.

Also the number 50 refers to the fifty books, of the entire scriptures, because I am sure that most of you know that the authentic number of books was 50 to begin with. And only changed later to 66 books and for a very good reason which I'll not go into now.

The authentic number of the books of the Old was 24, according to the Jewish canonical order, and changed later to 39, and also of the New was 26 and changed later to 27, because Luke's gospel and the Acts were one book. (Paul received 40 less 1 five times)

So on the one hand we have $24+26=50$ and on the other we have $39+27=66$, everything in the scriptures has relevance. Just the same with the covenants, God made seven covenants right through the ages and one New, which is all the seven put together to make up the New, so we have $7+8$, seven and the eighth or $7+1=8$. There are relevance in these numbers believe you me, but all in good time.

And the covenants are these: the **Edenic, Adamic, Noahic, Abrahamic, Mosaic, Palestinian and the Davidic** covenants, plus the eighth, which is **Jesus the Christ. (His sacrifice and blood and the fulfilment)**

So, the threshing floor represents a man who is receiving 'gathering the seed' the laws of God, the Word of God in the wilderness, and in no other place can a man (disciple) be taught of God.

Wherefore the wilderness has nothing to do with a sandy desert or some faraway cave, or mountaintop, but a state of mind and being. A man devoting and dedicating and separating himself, from the beliefs and traditions and doctrines of man. Presenting one's self as a living sacrifice unto God, which is about a million miles from today's doctrines and beliefs of man.

Today's man thinks that he can have everything at the touch of a button, and on a plate, he hasn't the stamina even to sweat, unless there is money in it. Why then the advice of the scripture reveals that **narrow is the gate and much sorrowful is the way that leads unto life and few are they who shall find it?**

Shall we sweep this passage under the carpet, for the easy Jesus of prosperity and riches and easy pickings?

Because the Jesus of the scriptures, is the rock of scandals and the stumbling block, and blessed is he who does not get scandalise in Him, why should anyone get scandalise in the Jesus of the world, the easy Jesus of miracles and healing?

And all his disciples are living in luxury and comfort, in mansions and in palaces, in chauffeur driven limousines and laughing all the way to the bank.

And as it is written, it will be easier for a camel to go through the eye of a needle than a rich man to enter the kingdom of God. If though and for a fact this passage represents something completely different, but I have to use its physical terminology.

No, the Jesus of the scriptures is a different person than the manmade Jesus of the world, who is but an image, a make believe entity.

Where the real one had nowhere to put His head, and hated by all, and all his disciples were planted together with Him in His sufferings and in His death, so they could be planted with Him in His resurrection.

Something that has been completely ignored, and swept away, by making out that He did it all and I haven't anything to do by myself, just sing and dance and jump three feet up in the air, laugh and giggle like a hyena. (When the spirit of the Lord overshadowed Abram was in sheer horror; he did not jump up and down and laughed – just the same with Paul and John)

The understanding of the scriptures has been poisoned, defiled and polluted, by men of no knowledge whatsoever, and why should God do miracles with the brain dead?

God has inspired man to build hospitals and clinics and all types of institutions, anointed doctors and nurses, scientists to invent things and fight diseases, and after all that, He sends a brain dead man to heal the sick, it does not add up. Anyway the healing of the false preachers is nothing more than an illusion, mind over matter to the individual and why don't they go into hospitals to heal the real sick?

The Lord promises His own that He will see them through to the last day, as also Paul testifies, He who started it is able to finish it, so why does one need a miracle? The biggest miracle is for one to receive the grace and truth and to get to know the will of God.

The scriptures are being revealed at last, through the spirit of truth, which will put all the con men out of business, especially those who claim tithes, even the Jews don't pay tithes.

Tithing is Testimony and not Test-I-money

Tithing has do with testimony and not [Test-I-Money](#), where many opportunists have abused and misused, by taking the gullible, the vulnerable, the sick and the poor that they prey on to the cleaners, and becoming millionaires.

Always asking for money and the riches of the world, which is anti-scriptural and against the teaching of Christ and where the scripture says bread, they have turned the bread into money.

They are never satisfied, they never say we have had enough and we don't want any more, they still want more, that's what it means to love your neighbour?

Don't kid yourselves, the testimony is the disciple's defence, the shield of faith, and the breastplate of righteousness, the armour of God.

Is Christ a thief?

If tithing had anything to do with money; that would make Christ a thief and a swindler, because Abram gave Him tithes from the spoils of the five and four kings.

Because everyone takes the scriptures literally, they think that Abram went and looted and ravaged, plundered and robbed the kings, and from the stolen goods Abram gave tithes to Melchizedek, the Priest of the Most-High God.

No, they've got it all wrong, what Abram did was spiritual and not physical, which I shall explain another time, [Abram](#) means '[my father is exalted](#)' and for a reason.

The ten lepers

We can take the case of the ten lepers as an example, out of the ten that were healed, only one returned to glorify God, meaning, one tenth. A tithe went back to the Lord, (God taxes the mind – one tenth of the law – an Omer referring that one has been called out and sent into the wilderness) this is why Jesus sent him to the priest, signifying Himself, the high priest, to give testimony. ([Give unto God what belongs to God and give unto Caesar what belongs to Caesar](#))

(Joseph was thrown into the pit, by His ten brothers, representing the ten laws threw Joseph into the pit, and the pit represents Hades, Sheol, 'who shall ascend' only the one that descends, Joseph means, increase). By the way Benjamin was with his father.

Leprosy, is a disease of the flesh, a plague, representing the carnal man who is struck by the ten laws, who is under the subjection of the law and waiting for Christ to come and deliver him, but for Christ to come and deliver him he must have the testimony.

And if one has the testimony he has also the blood, (grace and truth) meaning that the blood of the lamb (Covenant) covers him, the testimony obviously, is the spirit of the Word and the defence of the disciple ([armour of God Eph.6](#)).

Without the testimony and the blood no one can enter into the Holiest, why was the high priest then carrying the sacrificial blood and wearing bells and pomegranates at the bottom of his garment you think? And if he weren't wearing them, the Lord would have him slain.

The bells represent testimony and the pomegranates, represent seed, because a pomegranate is a very seedy fruit.

He also had to wear a mitre on his head with the inscription 'Holiness unto God' meaning that he had his mind renewed through the Holy Spirit, and saying that God is Holy.

It will be impossible in any other way, no testimony no blood, which is the narrow and sorrowful way, the entrance into the Tabernacle, because one has to build the Tabernacle in the wilderness, because it represents man himself, walking in the wilderness receiving the laws of God. (Which entrance is hidden to the carnal man)

Why do you think that Paul was a tentmaker? Not physically obviously, but building a man into the Tabernacle of God, the Tabernacle of testimony.

But the wilderness is man himself, he becomes the wilderness, dust and ashes, humbleness and obedience to be taught of God, obedient to God unto death, the death of the flesh, the old nature. (Manna, what is this? This bread is to see whether you will obey me or not).

And they overcame him by the blood of the Lamb and by the word of their testimony; and they loved not their lives unto death. Rev.12: 11.

The number 600

Continuing with the number 600, we can see in many passages of the scripture the number 600 springing up time and time again. I will only give few examples, first we see it with Noah, and also with David where he had 600 men, and with the threshing floor also. And also with Goliath, whose spear weighted at 600 shekels, plus his breastplate, which weighted 5000 shekels, referring of-course, to the 5 loaves of the feeding of the 5000.

Goliath obviously representing the Devil, who is used by the Lord to sift the disciple, the son of God. The man under the process for the adoption, one receiving the laws, scourging and chastisement, through the righteous judgements of God, this is why David picked up 5 smooth stones from the brook, referring to the five barley loaves, meaning that David had the knowledge of the law. (Tell the stones or stone to become bread).

The knowledge of the Pentateuch, where he took one stone and throw it against Goliath, meaning that he kept four stones, here we can see the cryptic, 5 + 4 referring to the feeding of the 5000 and the 4000.

But also referring to the 5 + 4 pillars of the Tabernacle, where we have 5 pillars at the entrance of the Holy place and 4 pillars at the entrance of the Holiest. Signifying a man walking through the Tabernacle of testimony, in the Hellenic and the Tabernacle of assembly in the Hebrew, the 5 + 4 pillars are the pillars of testimony, and also referring to the Pentateuch (5) the law, and the four- (4) gospels, the fulfilment of the law.

Where one assembles 'gathers' the testimony of Christ, which takes us back to Abram. Why did he plunder the 5+4 kings and 5+4 cities and gave a tithe to Melchizedek?

Question; did Abram actually receive the laws of God? Because Noah did, some one thousand years earlier, the scriptures through the cryptic reveal so, there is so much diversity in the scriptures that it will send the mind of any man into a storm and into perplexity.

There is so much to be revealed, but all in good time and to them, who have ears and want to listen, to all the Simons.

Question; why was, the Goliath six (6) cubits and one (1) span tall? And Goliath representing the Devil, whom David faced once, (1) and as we know, Jesus faced him three times, (3) (the seed of David) what does it, actually signifies?

We also meet the number 600 with the Pharaoh of Egypt, where he sent 600 chosen chariots against the children of Israel. As we can see the number 600 has a great significance, this is why the scriptures are so much detailed, the Word of God comes twice and three times, because they are cryptic clues, leading to much greater knowledge and understanding.

Question; what does the Egyptian and Pharaoh, which mean 'great house' represents?

As I've said earlier the number 600 represents the 12 baskets with the fragmented bread, 600 fragments referring to the 5 barley loaves, the bread of affliction and sorrow.

But I must reveal this to you now, I have to, otherwise no one would ever begin to understand. If the 12 baskets from the feeding of the 5000, which contained 50 fragments each and equal 600, which was the age of Noah when the flood storm of knowledge came.

But Noah lived to be 950, another 350 years after the flood, where we have to add the 7 baskets of the feeding of the 4000, which also contained 50 fragments in each, which makes, $7 \times 50 = 350$. So $600 + 350 = 950$, this is why Noah's age was 950. (Spiritual age - knowledge).

Noah received the 5 barley and 7 wheat loaves, meaning he had received the written law and the oral law, the feeding of the 5 and 4000, because everything was prophetic, and a shadow of things to come.

This is why nothing changes, the same as the days of Noah, so shall it be in the days when the son of man is revealed.

And again the number 950 is another cryptic, because if we were to divide $900 : -50 = 18$, pointing to the 18 jars used right through the entire scriptures, 12 jars of Elijah and 6 of Jesus, in all 18 jars, representing all the knowledge of the entire scriptures. And if we were to put 12 over 18 total, equals $\frac{2}{3}$ rds, pointing to Moses and the Prophets.

Elijah of-course, was the Prophet, who demonstrated the water and fire baptism,

1 Kings 18:23-40. While he used four jars 3 times and dug a trench containing two measures of seed, which he filled with water (2 measures of water) and twelve stones, representing the twelve precious stones on the breastplate of the high priest and the twelve loaves.

This is why Elijah was the Prophet who appeared together with Moses on the mount of transfiguration, representing all the Prophets, Jesus fulfilling Moses and the Prophets.

Where Jesus took with Him three disciples, and Himself, (3+1) pointing to the three to one proportion of the Word of God, three spiritual levels of knowledge to the one which is the letter. (From grace to grace, from height to height and from glory to glory).

The Hebrew and the Hellenic must come together in unison

As we can see clearly, unless the Hebrew and the Hellenic come together, there will never be any understanding of the true knowledge of the scriptures, first to the Jew and also to the Hellenic.

The Jew is looking for a sign and the Hellenic for wisdom, put them together, and we have signs through wisdom, the signs of Jesus the Messiah, fulfilling Moses and the Prophets, He who gave the law in the first place, the perfecter and the end of the law.

The entire scriptures are referring to one man in two

One man in two parts, the outer man and the inner man, the old and the new character, the one that is going to be born, through the renewal of the mind by the spiritual knowledge of the Word of God, not of the letter, but of the spirit.

One man, the unrighteous (outer and carnal man) and the righteous (inner, the spiritual man), two parallels, one walking from below, the fleshy and earthy man, first Adam, who must be sown in dishonour, 'death of the fleshy man'.

The one, who shall be raised in glory, the last Adam, the other walking from above and as a teaching. Flesh and spirit walking in parallel, heaven and earth, 'in the beginning, the Lord God created heaven and earth' and the spirit of God was hovering over the waters, the Son of God walking on water, walking in the laws of God.

Egypt signifies the world

A man being Called out of Egypt = the world, (Egypt of-course being an ever state of mind) and sent into the wilderness to be taught of God, this is why in **John, 6:45 states; the one who has heard and has learned of the Father comes unto me.**

Some people have abolished the Hebrew Texts, through lack of understanding, thus the Jews have refused to accept the Hellenic Texts and again through lack of understanding of the spirit of the Word.

My specific purpose is to give light to all those who have been seeking the truth and have been praying for many years for the revelation.

Man's pride is his worst enemy, the Ego, the Pharaoh, (the great house) the Egyptian king must be struck by the ten laws, ten plagues, which shall eventually kill his firstborn.

And the firstborn is pointing to the carnal man, the first Adam, the one who must be sown in dishonour, put to death, this is why from the beginning, the commandment was, if you touch or eat from the tree of Knowledge of good and evil you shall die.

It is evident, that this was pointing to the carnal side of Adam, the outer man, Adam the first Son of God and he did not touch the tree by his own but the woman gave to him to eat.

Another question must be asked; who was Eve and what does she really represent?

Male and female created He them, and He called their name (both) Adam, Gen. 5:2. Here we can see that both of them were called Adam, bone of my bones and flesh of my flesh Gen.2: 23. 'Eve the mother of all the living'.

All the dead bones must receive light, those in darkness must see a great light, and the sun was created on the fourth day, the sun of righteousness, prophesying the coming of the Messiah, the one from above, at two thirds of the way, which is a continuous act.

The first three days of the creation represent darkness, why did Jesus spend three days in the tomb? The prophecy through Jonah, three days in the belly of the great fish.

The entire scriptures are written in cryptic clues and countless metaphors, and allegories, which they are all prophetic.

The truth shall be revealed to those who truly seek the Lord, to those who truly seek the riches in Christ, they who shall follow and shall obey the Laws of God.
